APEC 2027 Busan

The 24th Scientific Congress of the Asian Pacific Endodontic Confederation

25 - 28th March

BEXCO
Busan, Korea

The New Wave in Endodontics is coming to Busan! Spend your Easter learning the latest trends and technologies in endodontics in Korea.

Join Minimax in Busan, Korea, from 25 – 28 March 2027 and make the most of Easter holidays. Learn from an international faculty, explore fresh approaches to root canal treatment and retreatment, and exchange ideas with fellow clinicians, all while spending your time in beautiful maritime city.

Purchase a qualifying Minimax package and enjoy **a complimentary APEC 2027 Busan experience**, including your congress ticket, hotel stay and a local tour. Bring fresh clinical insights back to your practice and take time over Easter to discover Busan beyond the congress halls.

About APEC

The Asian Pacific Endodontic Confederation (APEC) was organized in December 1985 in Bangkok. The aims of APEC is to promote, develop and maintain high standards of endodontic research, education and clinical practice in the Asian Pacific region and to gather a closer professional relationship of the endodontic practitioners within the Asian Pacific region.

Spring in Busan

In late March, spring begins to soften Busan's coastal scenery. Cherry blossoms may already be opening along Oncheoncheon Stream, where pale pink branches arch over the walking paths. By the sea, the breeze is still cool, and the open sands of Haeundae Beach offer wide views across the blue water. Enjoy the beautiful seaside view with cherry blossoms flowing, fresh seafood, all while enriching expertise.

Itinerary

*Schedule subject to change.
