## COURSE SUMMARY

Trends in dentistry have undergone many changes with the advancement of dental technology. Now, facilitated surgical procedures and aftercare are made possible without the compromise of patient health. But there are still various complications to keep an eye on. Dr Jeon's Master Implant Course will go through every aspect of Immediate Implantation. From the fundamentals to advanced mechanics, this course will aid your way to master the subject.

## THROUGHOUT THE COURSE YOU WILL LEARN:

### All about Immediate Placement

- J GBR Guideline 9 factors and Stabilization
- Understanding of 1024 methods with 10 factors
- Upper & Lower Molar Immediate Placement
- Upper & Lower Premolar Immediate Placement
- Upper & Lower Anterior immediate placement

### A Novel approach of Sinus Crestal Surgery

- Essence of sinus Surgery
- An impact approach by Crestal Approach
- Why should not we use any bone filler in crestal surgery?
- Hands-on

### Essence of Digital Approach

- Duplicated Denture & Shell making by 3D printer
- Scanbody vs 2nd Scanbody vs Healing scanbody for various full mouth rehabilitation

### Understanding & Management of complications

- Understanding of Complications by time pathway
- Suggestion of 6 factors for bone level internal implant from 20 years survey
- Practical approach of peri-implantitis management
- Screw or Implant Removal survey

Case 01

Case 02

Case 03

- Harvard School of Dental Medicine Implant Center as a Visiting Professor
- Part-Time Professor of Inje University & Seoul National University
- Director of AIC / AAO International Director  
S&H Dental Clinic Chairman

## TESTIMONIALS

**Dr. Jeon's seminar was fantastic! ★★★★★**

He is an extremely enthusiastic and knowledgeable speaker when it comes to all things to do with implants. Always happy to answer any questions and due to his extensive experience was able to comment with certainty what would and wouldn't work as he has tried almost everything that was asked by the other dentists. He was more than happy to share his techniques and what to avoid (unlike some other presenters who just show you what they can do but not the technique used to achieve the result and equally as important - what techniques have been tried and haven't worked) with us and has made quick reference summaries for us to refer back to. I just wish we had more time with him so we could pick his brain some more and learn from his wealth of knowledge and experience.

**Dr. John Tsougranis (BDS, MICOI)**

**It was such a wonderful trip and great seminar. ★★★★★**

I have learned a lot. It is my first seminar with Dr. Jeon, what a overwhelming experience for me. There are a lot of catch up and remember. I will start my first anterior immediate implant next Thursday straight after an extraction of failed post-core-crown. Really exciting! Thank you very much for organizing everything for us. Looking forward to start the journey with Minimax soon.

**Dr. Annie Cao**

**What a fantastic course run by Minimax. ★★★★★**

Dr. Jeon is absolutely amazing and his live surgery is a sight to behold- genius with his knowledge and hand skills to match.

**Dr. Kumsuz**
