Learn. Treat. Unwind.

A 2-day clinical retreat focused on practical, evidence-based implant and restorative decision-making. Learn treatment planning for missing teeth, gingival recession, and failing dentition, with a focus on predictable outcomes. Covers surgical and non-surgical approaches including socket preservation, implant timing, and soft tissue management. Enjoy stunning Queenstown views while networking over free-flowing canapés, wines, beers, and soft drinks.

Speaker

Dr. Sheng Zhang

BDS (Adel), BOH (Syd), GradDip Orthodontics (JCU), MDS (Implantology, UJI), F.RACDS

Dr Sheng Zhang is a general dentist with a special interest and practice limited to implants and periodontics. He has studied extensively around the world learning from the leaders in the field and completed numerous externships in Europe and USA.

Dr Sheng has specifically designed this course for those who are just embarking on their dental implantology education and it is a culmination of knowledge that he wished was instilled in him when he first started his implant journey.

DAY 2 11 Aug 2026

08:30 AM - Registrations with Arrival Tea & Coffee
09:00 AM

09:00 AM - **Lecture** The Tale of the 12
10:45 AM
The lecture explores the evidence-based replacement options for the missing lateral incisor. This includes orthodontics, dentures, fixed tooth supported solutions and implant replacement strategies. Understand the impact of patient and site factors affecting the treatment decisions.

10:45 AM - **Morning Tea Break**
11:00 AM

11:00 AM - **Lecture** The Tale of the 31 and 41
12:30 PM
An exploration of the causes for lower central incisor recession which is all too common in daily practice. What are the risks factors, why does it happen and what should we advise our patients. Finally through a series of case studies, we explore the varying surgical and non-surgical treatment options on how to best manage the gingival recession.

12:30 PM - **Lunch Break | Buffet at threesixty**
01:30 PM

01:30 PM - **Lecture** The Tale of the 26
03:15 PM
When a failing tooth 26 is to be extracted and replaced with a dental implant. What are the essential assessments we ought to undertake to ensure the patient has the smoothest treatment pathway. How should we extract the tooth? Should we socket preserve the site and if so how do we best go about it? Will the case require a sinus lift? What is the best implant placement strategy for the case – immediate, early or delayed?

03:15 PM - **Afternoon Tea Break**
03:30 PM

03:30 PM - **Lecture** The Tale of the 46
05:00 PM
The lower first molar often called the money tooth. Why does it experience so much dental disease and what are the different treatment strategies to preserve it to serve the patient for as long as possible? How can we slow down the dental cycle prior to needing to replace the tooth with a dental implant?

DAY 3 12 Aug 2026

08:30 AM - **Arrival Tea & Coffee**
09:00 AM

09:00 AM - **Lecture** The Tale of the 21
10:45 AM
A patient presents with a complete crown fracture, and the tooth is now unrestorable. They want a dental implant replacement. What are the critical factors to determine if the case is best suited towards an immediate, early or late implant placement. In the case of an immediate implant which cases benefit from partial extraction therapy, dual zone therapy or soft tissue grafting to improve the patient outcomes.

10:45 AM - **Morning Tea Break**
11:00 AM

11:00 AM - **Lecture** Saving the hopeless
12:30 PM
A series of cases documenting the management of the 'hopeless tooth'.

12:30 PM - **Lunch Break | Buffet at threesixty**
01:30 PM

01:30 PM - Coronet Peak Networking
09:00 PM
Super Pass Add-on can be used for Night Ski
Coronet Peak's Night Ski, the only Night Ski session in New Zealand and an absolute must-do when visiting Queenstown. Lapping fresh cord under the lights with friends or family? Doesn't get much better than that! Shred beneath the stars with an amped-up crew, then enjoy a mulled wine on deck with a gourmet pizza as the DJ spins some epic tunes. Ski on up and share a fresh pour on Sheng while soaking in those sweet night ski vibes.

DAY 4 13 Aug 2026

09:00 AM - Super Pass Add-on can be used for The Remarkables
04:00 PM
