

Periodontics

Soft Tissue Management

Lecture by a Global Periodontology
Speaker Dr Vanessa Frazão

Sydney | 14 CPD Points

Four Seasons Hotel Sydney
25-26 July 2026, 9:00am - 5:00pm

\$4000^{+GST}

Early Birds

\$3500^{+GST} until 14 June

**Course
Lecturer**

Dr. Vanessa Frazão

DDS, MSD, PhD
(Periodontics & Molecular Biology)

Dr. Vanessa Frazao holds a PhD in Molecular Biology and a Master's degree in Periodontics. She is also a specialist in Periodontics and Implantology, with extensive experience in periodontal plastic surgery and advanced soft tissue management. Dr. Frazao is recognized for her innovative clinical approaches and international lectures, combining scientific knowledge with practical expertise. In addition, she actively contributes to research, publications, and the development of new surgical instruments for periodontal and implant procedures.

**Course
Overview**

Soft tissue management and Tunnel Techniques. This two-day intensive course will provide participants with both theoretical foundations and practical experience in periodontal plastic surgery. Through lectures, clinical case discussions, and hands-on practice, participants will learn advanced surgical techniques for root coverage, soft tissue grafting, and esthetic enhancement in periodontal procedures.

**Key Learning
Outcomes**

Understand the biological principles of soft tissue management, tissue regeneration and tunnel techniques.

Timetable

DAY 1

- 09:00 AM - 09:05 AM Introductions
- 09:05 AM - 11:00 AM Principles of Microsurgery. Complications in Periodontal Plastic Surgery
- 11:00 AM - 11:15 AM **Morning Tea Break**
- 11:15 AM - 01:00 PM Coronally Advanced Flap for Isolated Recessions - Subepithelial Connective Tissue Graft
- 01:00 PM - 02:30 PM **Lunch Break**
- 02:30 PM - 04:00 PM Coronally Advanced Flap for Multiple Recessions - Subepithelial Connective Tissue Graft
- 04:00 PM - 04:15 PM **Afternoon Tea Break**
- 04:15 PM - 06:15 PM Hands-On Coronal Advanced Flap for Isolated Recessions and Multiple Recession

DAY 2

- 09:00 AM - 11:00 AM Modified Coronally Advanced Tunnel Technique with Vertical Incisions (VISTA).
- 11:00 AM - 11:15 AM **Morning Tea Break**
- 11:15 AM - 12:30 PM Hands-on Modified Coronally Advanced Tunnel Technique
- 12:30 PM - 02:00 PM **Lunch Break**
- 02:00 PM - 03:30 PM The Laterally Closed Tunnel Technique
- 03:30 PM - 03:45 PM **Afternoon Tea Break**
- 03:45 PM - 05:30 PM Hands-on Laterally Closed Tunnel and Coronally Advanced Flap for Multiple Recessions
- 05:30 PM - 06:00 PM Closure of activities

Clinical Cases

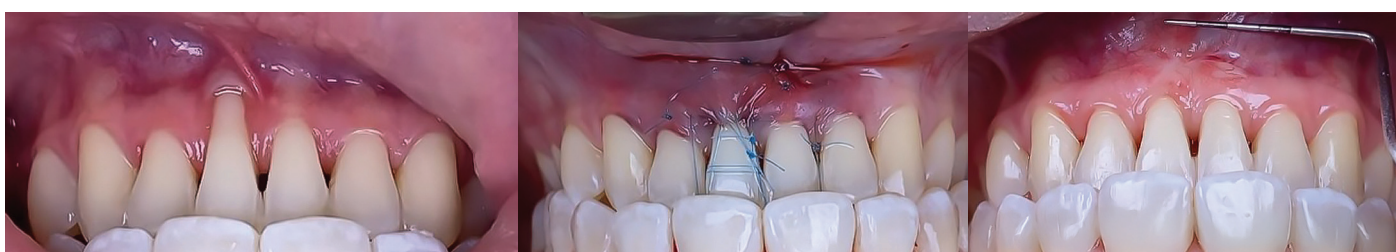

Periodontal Plastic Surgery | Tunnelled Coronally Advanced Flap – 2-Year Postoperative

Tunneling Technique with Lateral Closure after Orthodontic Retainer Removal – 2-Year Postoperative

Lateral-Closure Tunnel with Vertical Incision for Mandibular Recession – 10-Month Postoperative

CTG (D-FGG) with Tunnel + Coronally Advanced Technique & Internal Frenectomy

Modified Coronally Advanced Tunnel with Lateral Incisions and Internal Frenectomy

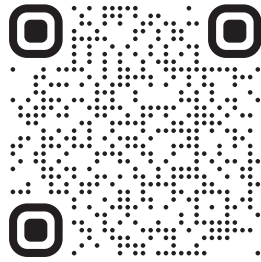

Periodontics

Soft Tissue Management

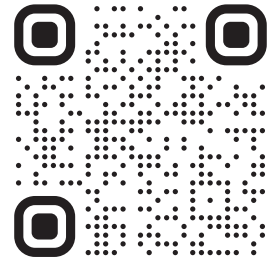

Lecture by a Global Periodontology Speaker
Dr. Vanessa Frazão
