

Periodontics

Soft Tissue Management

Lecture by a Global Periodontology
Speaker Dr Vanessa Frazão

Four Seasons Hotel Sydney

199 George St, The Rocks NSW 2000

14 CPD Points

25-26 July 2026

9:00am - 5:00pm

\$4000 +GST

Course
Lecturer

Dr. Vanessa Frazão

DDS, MSD, PhD
(Periodontics & Molecular Biology)

Dr. Vanessa Frazao holds a PhD in Molecular Biology and a Master’s degree in Periodontics. She is also a specialist in Periodontics and Implantology, with extensive experience in periodontal plastic surgery and advanced soft tissue management. Dr. Frazao is recognized for her innovative clinical approaches and international lectures, combining scientific knowledge with practical expertise. In addition, she actively contributes to research, publications, and the development of new surgical instruments for periodontal and implant procedures.

Course
Overview

Soft tissue management and Tunnel Techniques. This two-day intensive course will provide participants with both theoretical foundations and practical experience in periodontal plastic surgery. Through lectures, clinical case discussions, and hands-on practice, participants will learn advanced surgical techniques for root coverage, soft tissue grafting, and aesthetic enhancement in periodontal procedures.

Key Learning
Outcomes

Understand the biological principles of soft tissue management, tissue regeneration and tunnel techniques.

Timetable

DAY 1	DAY 2
09:00 AM - 09:05 AM Introductions	09:00 AM - 11:00 AM Modified Coronally Advanced Tunnel Technique with Vertical Incisions (VISTA).
09:05 AM - 11:00 AM Principles of Microsurgery. Complications in Periodontal Plastic Surgery	11:00 AM - 11:15 AM Morning Tea Break
11:00 AM - 11:15 AM Morning Tea Break	11:15 AM - 12:30 PM Hands-on Modified Coronally Advanced Tunnel Technique
11:15 AM - 01:00 PM Coronally Advanced Flap for Isolated Recessions -Subepithelial Connective Tissue Graft	12:30 PM - 02:00 PM Lunch Break
01:00 PM - 02:30 PM Lunch Break	02:00 PM - 03:30 PM The Laterally Closed Tunnel Technique
02:30 PM - 04:00 PM Coronally Advanced Flap for Multiple Recessions - Subepithelial Connective Tissue Graft	03:30 PM - 03:45 PM Afternoon Tea Break
04:00 PM - 04:15 PM Afternoon Tea Break	03:45 PM - 05:30 PM Hands-on Laterally Closed Tunnel and Coronally Advanced Flap for Multiple Recessions
04:15 PM - 06:15 PM Hands-On Coronal Advanced Flap for Isolated Recessions and Multiple Recession	05:30 PM - 06:00 PM Closure of activities

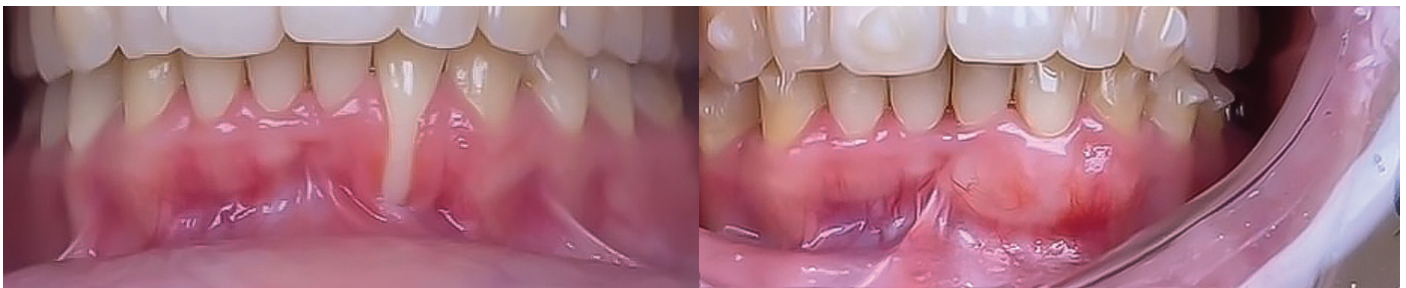

Clinical Cases

Periodontal Plastic Surgery | Tunneler Coronally Advanced Flap – 2-Year Postoperative

Tunneling Technique with Lateral Closure after Orthodontic Retainer Removal – 2-Year Postoperative

Lateral-Closure Tunnel with Vertical Incision for Mandibular Recession – 10-Month Postoperative

CTG (D-FGG) with Tunnel + Coronally Advanced Technique & Internal Frenectomy

Modified Coronally Advanced Tunnel with Lateral Incisions and Internal Frenectomy
